

**Big Brothers
Big Sisters.**
OF CENTRAL IOWA

Workplace Mentoring Program

Thanks to a partnership between your child's school, a local business, and Big Brothers Big Sisters of Central Iowa, there is an opportunity for a mentor (Big) to meet with your child (Little) virtually to work on activities related to preparing for college and career readiness and also have fun! There is no cost to be part of this program.

How it Works

Every other week during the school year, students will visit with their mentor (Big) to focus on topics like career interest, college interest, and life skills, all while having fun!

Our Bigs are business professionals who want to be a positive role model and defend the potential of a child. Bigs come from a variety of business backgrounds, and are matched with your child based on personalities and common interests.

We conduct background checks on each of our Bigs - criminal and child abuse - to ensure the safety of your child. In addition, each mentor is trained by our professional staff.

Contact Information

To enroll your child in this program, please contact School-Based Mentoring Coordinator Chad Randleman at crandleman@bbbsia.org or 515-288-9025 x239.
